

Southern Crescent Sexual Assault & Child Advocacy Center is proud to offer enriching internships for second-year Master's-level students in Clinical Mental Health Counseling. Our program provides hands-on learning opportunities in a trauma-informed environment for passionate students dedicated to helping reduce child maltreatment and sexual violence. If you're eager to gain meaningful experience supporting survivors and promoting healing, we'd love to hear from you.

To apply, please email [ccarter@scsac.org](mailto:ccarter@scsac.org) with your resume, the name of your college/university, and your intended internship start and end dates.

We look forward to supporting your professional journey!
